OUR PROCESS

At Three of Strong Spirits, we don't take short cuts. We'd rather do things the right way than the easy way. It's how we've crafted each of our pure, rich, drinkable rums.

Nightwater begins by fermenting a blend of organic evaporated cane juice, molasses, and wine yeast at a slower, cooler temperature, preserving the fruit and floral notes of the sugar cane.

A curated blend of our house distilled rums, consisting predominantly of our aged rum, is rested in new charred oak barrels and mixed with just the right amount of our Brightwater Silver rum to complement the oak. We then add a dash of molasses to deepen the flavor and provide a subtle hint of sweetness.

While it would have been easier for us to color unaged rum with caramel, we think you'll find that the depth and balance we achieved with *Nightwater* was worth the extra effort.

OUR STORY

Three of Strong Spirits is based in a converted warehouse in the bustling East Bayside neighborhood of Portland, Maine. We believe that there are no shortcuts when it comes to producing super premium rum. We use our vibrant tasting room as the testing ground to create small batch spirits that can stand on their own but also play well in cocktails.
